Informe de la red WiFi

Report Date: October 30, 2026 17:00

Data Range: 2026-10-25 00:00:00 2026-10-30 17:00:24COT

Network Summary

El presente informe tiene como objetivo proporcionar una visión general del comportamiento de la infraestructura inalámbrica durante el período evaluado. En él se presenta información sobre el consumo de las redes WiFi, el uso de los puntos de acceso, la cantidad de usuarios conectados y otros indicadores relevantes que permiten monitorear el desempeño de la red. Esta información facilita la identificación de tendencias, la optimización de los recursos inalámbricos y la toma de decisiones para garantizar la disponibilidad y el rendimiento de los servicios WiFi.
