CERTIFICATE OF GOOD MANUFACTURING PRACTICE

This is to certify:

1. That ABBOTT LABORATORIES B.V., Rieteweg 21, Zwolle, the Netherlands, a wholly owned subsidiary of Abbott Laboratories, North Chicago, Illinois, USA is authorized by law to manufacture Infant Nutritional products and Nutritional products.

2. That the chemical and bacteriological properties of these products are in compliance with the official regulations for export as well as the domestic market.

3. That we, the manufacturer, maintain regular control tests by our own chemical and bacteriological laboratories.

4. That these control tests are performed at strategic points throughout the process, to assure compliance with standards established for the product and that all equipment used for the manufacturing of our products is cleaned and sanitized by chemical and mechanical means, necessary to maintain the quality standards.

5. That our products are fit for human consumption.
