My family is made up of my mother, her name is Elizabeth, she is forty-three years old, my father's name is Cherub, he is fifty-three years old, he was born in touch, I have two sisters, one of them is called Diana, she is twenty-eight years old and is a natural science teacher. My other sister is called Liliana and she is studying business administration. She is twenty years old.

HI, pretty good activity. the information is correct and complete, I like the way you add the age of your realtives. Check this sentence: "He was born in touch" no entiendo la verdad, no uses traductores. Saludos
