BOGOTA

https://create.kahoot.it/details/48260be1-1994-47c0-adf1-d05e451199f3

The name of Bogotá corresponds to the Spanish pronunciation of the **Chibcha** ***Bacatá***. There are different opinions about the meaning of the word; the most accepted being that it means "**walling of the farmland**" Another popular translation argues that it means "**The Lady of the Andes"** Others suggest that Bacatá was the name of the **Muisca cacique** who governed the land before the Spaniards arrived
