Hello, my name is Nazly. I'm going to go to the nearest supermarket, I want to buy the ingredients to make today's meal. I'm going to cook chilaquiles. I buy everything pre-cooked to make it faster. I will make a budget: A package of corn tortillas, priced at $2 dollars. A chicken breast is priced at $4. the recipe calls for onion but that's something I have in my kitchen. I will need sour cream which is priced at approximately $3 dollars. and lastly I am going to buy canned green sauce and its cost is $3 dollars. a simple recipe, if you want to prepare it in the same way you will have to spend around $12 dollars. It's not that cheap, but I assure you it's delicious.
