Velour 62" IFR

IFR Velour is a 100% polyester synthetic velour made with flame retardant yarn available in 3 weights. Often compared to Miliken's Encore Velour, the fabric is extremely high quality, durable, wrinkle resistant, and is easy to clean. Popular for pipe and drape, masking & theatrical curtains, and stage skirting. This fabric passes NFPA 701 for flame retardancy and a certificate is available upon request.
