1. The displays have rounded corners. When measured diagonally as a rectangle, the iPad Pro 11-inch screen is 11 inches, the iPad Pro 12.9-inch screen is 12.9 inches, and the iPad mini screen is 8.3 inches.

2. Data plan required. 5G and LTE are available in select markets and through select carriers. Speeds are based on theoretical throughput and vary based on site conditions and carrier. For details on 5G and LTE support, contact your carrier and see www.apple.com/ipad-cellular.

3. 5G (SIB) 1C Apple Pencil Adapter required to work with iPad mini (generation 6). Subject to availability.

4. Trade-in values will vary based on the condition, year, and configuration of your eligible trade-in device. Not all devices are eligible for credit. You must be at least 18 years old to be eligible to trade in for credit or for an Apple Gift Card. Trade-in value may be applied toward taxes and fees, if applicable, or added to an Apple Gift Card. Actual value awarded is based on receipt of a qualifying device matching the description provided when estimate was made. Sales tax may be assessed on full value of a new device purchased. In-store trade-in may be required for certain devices. Offer may be changed or canceled at any time. Limit one trade-in per customer every 12 months. Trade-in devices and online trade-in. Some states may have additional requirements. Apple or its trade-in partners reserve the right to refuse to purchase any trade-in transaction for any reason. More details are available from Apple's trade-in partner for trade-in and recycling of eligible devices. Restrictions and limitations may apply.

5. Based on testing by Apple in May 2021 using preproduction 12.9-inch iPad Pro (5th generation) and iPad Pro 11-inch (3rd generation) units and software. Testing consisted of full battery discharge while performing looping sequences of web browsing, video playback, and internet streaming over Wi-Fi at cellular data network. Cellular models tested with 4G LTE connection. Battery life may vary by configuration, usage, and network. For more information, see www.apple.com/batteries. ENERGY STAR® and the ENERGY STAR mark are registered trademarks owned by the U.S. Environmental Protection Agency.

6. Apple Recreated Substances Specification describes Apple's restrictions on the use of certain chemical substances in materials in Apple products, accessories, manufacturing processes, and packaging used for shipping products to Apple's end customers. Restrictions are based on their international bans or directives, regulatory agencies, eco-label requirements, environmental standards, and Apple policies. Every Apple product is free of PVC and antimony except for AC power cords in India. Apple products sold in the European Union, Turkey, and Switzerland are free of PVC and BFRs in external cables. Apple products sold in the European Union are free of BFRs to comply with the European Union Directive 2011/65/EU, including exemptions for the use of lead such as high-temperature solder. Apple is working to phase out the use of these exempted substances for new products where technically possible.

Some features may not be available for all countries or all areas. View complete list.

* Apple Card Monthly Installments (ACMI) is a 0% APR payment option that is only available if you select it at checkout in the U.S. for eligible Apple products purchased at Apple retail stores and apple.com. Subject to credit approval. Taxes, fees, and shipping are not financed. Minimum monthly payments may apply. Learn more about eligibility and terms. ACMI is not available for Apple Card Savings accounts. Apple Card is issued by Goldman Sachs Bank USA, Salt Lake City Branch.

To access and use all the features of Apple Card, you must add Apple Card to Wallet on an iPhone or iPad with the latest version of iOS or iPadOS. Update to the latest version by going to Settings > General > Software Update. Tap Download and Install.

Available for qualifying applicants in the United States.
