October the 3 rd

El dia de hoy practicamos lenguaje formal e informal ,

We practiced formal and informal Spanish, they talked about their own personal lives and their goals. We did a dialogue using informal language and we analized some of those informal words and their meaning.

Note: next class we will work on the letter , they will have to write a letter in order to complain about a service or product they have already had.

We worked on some informal words they wrote on they papers + they did an informal letter to complain about a product or a service + we read their letters and i could check the first Evidence (evidece # 1 spanish) Pending to open the link next week.

October the 17 th 2023

We worked on the letter, they read the document and they did a letter, to claim about a product or service they did not like. They have to use formal language in order to complain about it. They will have to think about the 4 elements the letter should have. The date , the person who is getting the document, the main idea and the supporting sentences. It is second part Evidence # 1 (part B).

Note: Pending to open link number # 1 (Spanish Evidence) they will have to upload 2 pictures in the Evidence informal and formal letter.
