Kate: How long will it take?
Interviewer: Just a couple of minutes.
Kate: Well, I guess I can answer a few questions. Sure. Why not? Go ahead.
Interviewer: OK. I'd like to know your opinion. What is the best brand for laptops, smartphones, and other consumer electronics?
Kate: I'd say that Apple is the best brand. I always buy their products and I'm quite satisfied.
Interviewer: Which brand is the most expensive?
Kate: Well, Apple is also the most expensive brand. I guess that's why they are the best in my opinion.

Carlos Varilla-GESCON
Interviewer: And which brand do you think is the worst?
Kate: Oh...To be honest, I don't really know. I haven't tried too many brands.
Interviewer: Thank you. Which is the most suitable brand for older people?
Kate: Well, I'm still quite young, but I think that Apple products are generally easier to use than other products, so they would probably be the most suitable for older people.
Interviewer: So, which brand do you think is the most popular with younger people?
Kate: Apple again? or maybe Samsung?
Interviewer: Have you tried any Samsung products?
Kate: No, I haven't. But my friends have Samsung smartphones, and they are generally quite happy with them. But I think that Apple make better and more reliable laptops. I've never had any problems.
Interviewer: Thank you very much for your time.
