

Ficha 2879604

Semana de 11 de marzo

The screenshot shows a web browser window displaying the SENA virtual instructor presentation page. The header bar is green with the SENA logo on the left and user information "MARIA CRISTINA LEMUS" on the right. A vertical green sidebar on the left contains icons for various navigation options like profile, calendar, trophies, documents, and lists. Below the header, there's a section for the instructor's name and photo, followed by the subject "Asunto: Presentación Instructor 13032024". The main content area features a large graphic with the title "TECNÓLOGO EN GESTIÓN AGROEMPRESARIAL" and a message from Maria Cristina Lemus Pérez, who identifies herself as the instructor for the "Programar proyectos según especificaciones técnicas y métodos de planeación" competency. To the right of the text is an illustration of a hand holding a megaphone. On the far right, there are interactive elements: a "Vista Aprendiz" toggle switch, a green arrow labeled "Regresar", and a red circular button labeled "Eoy Eval". At the bottom right, there's an "Offline" status indicator.
