ANTHONY RAMIREZ DIAZ

Data Scientist & Analyst

I am genuinely passionate about data science, finding joy in unraveling complex datasets and extracting meaningful insights and creating a Machine Learning models whit these data.

Experience

2022
Vitalcom SAS.

During my four-month role as a Database Administrator at Vitalcom SAS, I implemented data cleaning processes, and applied statistical techniques to derive actionable insights from CRM data. I conducted hypothesis testing, generated regular CRM reports for marketing strategies, and collaborated with cross-functional teams.
