Hello everyone!
I am Alex your virtual Sena English teacher and welcome to your English Dot Works 3.
Since this is a virtual course and most of you are not familiar with it; We are gonna be in touch as much as possible through our Territorium platform, whatsapp, email down here as well. Please do not hesitate to contact me and let me know how you are feeling; your goals you do have and the expectations you want along the virtual course. I will be contact you and let you know what activities you are to do and how you can send them to me.
I know we are going through very difficult moments worldwide and down here in our country ain't a day out in the park either. But if we stay together and strong we will make it to the very end! This course will help you learn this amazing and fun language but also will help you get through during this tough times.
Take care and once again Welcome to this great and awesome Sena Virtual EDW course
