Is fitness important in our communities?

Discuss

Do you practice any sport?

Where do you practice that sport?

In your neighborhood is there a safe place to practice sport or exercise? Why or why not?

What do you think is missing in your neighborhood or school to foster fitness?

What can you do to improve fitness in your social context?

Mirror, Mirror on the Wall

Instructions

One student acts as the leader and demonstrates different exercises.

The rest of the class mirrors their movements for 30 secs.

Time to reflect…

Discuss

What activity did you enjoy the most and why?

Which parts of the body did you exercise?

Why is regular physical activity important for wellbeing?

How did you feel about leading the activities and what did you learn about leadership?

It’s all about your mind…

Think, then discuss

A leader needs to know how to express ideas, feelings and emotions correctly…

One effective way to develop and practice these skills is creating a mandala.

Have you ever seen a mandala before? If yes, where did you see it?

What do you think a mandala is used for?

Useful expressions

In my opinion… / I think

I agree / I disagree

I totally / partially (dis)agree with

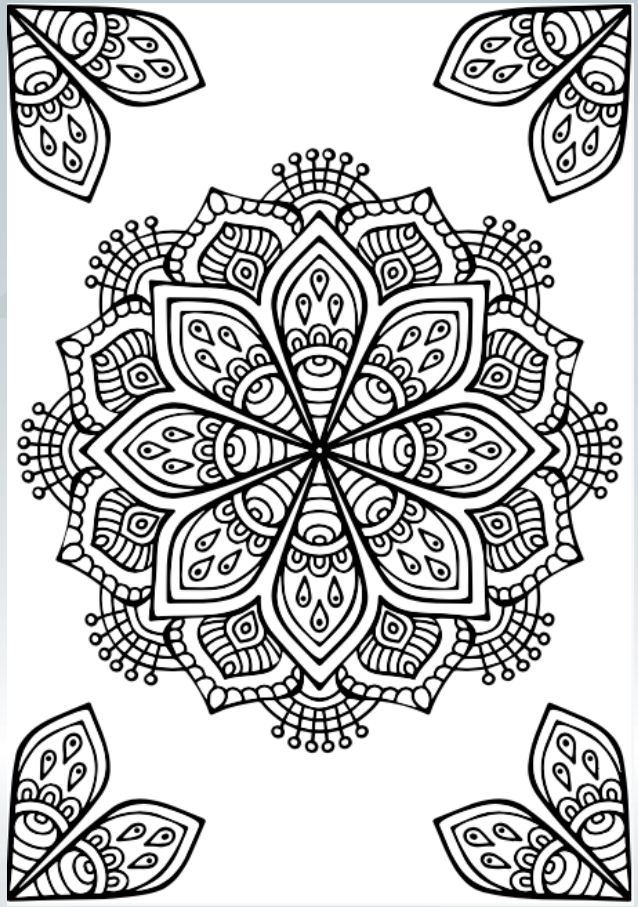

I got your point! But…

Let’s analyze this mandala…

Discuss

Can you describe the shapes or patterns you notice in a mandala?

Use your dictionary, translator or even AI (LuzIA / Truora), to find the vocabulary you need to answer the question.

Let’s paint it!

Instructions

Go to https://www.mombooks.com/dp-online-activity/mandala-colouring/

Paint a mandala and explain your color choices and feelings, relating them to personal wellbeing and leadership.

Useful expressions

- Use this color code
- Right top / Left top section
- Upper / lower corner
- in the center / on the corner
