JUAN JOSE	LOPEZ SANCHEZ	lopezsanchezjuanjose04@gmail.com	A	A	D	Hi, Juan Jose.I have been checking your presentation and I see you did a nice job, put a lot of effort and time designing this beautiful project, but is is necesary to check and make sure you use the “0” (Zero) y “1” (First) conditional. El zero conditional (condicional cero) sirve para formar oraciones donde tanto la condición como el resultado son hechos reales. El first conditional (primer condicional) se utiliza para plantear escenarios en el futuro cuya realización es muy probable. Por ello, es el condicional indicado para expresar planes.Remember that you can check this out in the learning component: Things I am going to do / Cosas que voy a hacer.	-
