About this item

- This micro drip irrigation kit is suitable for an area of 160 square feet. You can water all your plants at one time with 200FT + 26FT irrigation tubing. Simple installation without digging or plumbing skills. Instruction included.
- The new garden watering system design 4x6-Way CONNECTOR can divide the water up to 16 tributaries, effectively increases the water pressure, perfectly solves the problem of lack of water at the end of the irrigation system. MEET ALL YOUR NEEDS.
- MIXC micro drip irrigation kit comes with 3 types of sprayer,the drip emitter can adjust different irrigation modes such as microdroplets, sprays, watering, etc. every water spray nozzle could be adjusted individually according to its setting and needs.
- Plants drip irrigation system can save up to 70% in water savings. Precision watering system delivers just the right amount of water slowly and precisely right where your plant needs it at the root zone.
- Automatic irrigation kit is great for atomization, lawn irrigation, patios, roof cooling,agriculture, vegetable , greenhouse, flower bed, swimming pool misting fog cooling irrigation etc.
