Manufacturer’s authorization

We herewith confirm and certify that

Anton Paar Colombia S.A.S.
Calle 26 No. 69-76
Bogota
COLOMBIA

is our authorized subsidiary in Colombia, Panama, Costa Rica, Nicaragua and Ecuador and has the exclusive right to sell, install and service our following products:

Laboratory Density and Concentration Meters

Process Density and Concentration Meters

Viscometers & Rheometers

Analytical and Synthetic Chemistry

Lab Productivity Systems

Colloid Science and Surface Characterization Instruments

Refractometers & Polarimeters

Small Angle X-Ray Systems

X-Ray Diffraction Systems

Flash Point Analyzers, Penetrometers, Oxidation Stability Testers and Various Petroleum Testing Instruments

Instrumentation for Surface Mechanical Properties (Indentation, Scratch, Tribology, Coating Thickness, 3D Imaging)

Particle Characterization Instruments

Raman Spectrometers & Microscopes

Adsorption Analyzers, Bulk Density Analyzers, Porometers & Porosimeters

FTIR Spectrometers and Analyzers

Texture Analysis and Extrusion (Consistency Tester, Torque Rheometer, Extruder, Moisture Analyzer, Torque Viscometer, Relaxation Tester, Solid Density Analyzer, Mills)

Anton Paar Colombia S.A.S.has factory-trained staff for the consultation, service, calibration and validation of **Anton Paar** instruments and is exclusively authorized to carry out such services for the above-named products. **Anton Paar Colombia S.A.S.**is in possession of the relevant documents, service manuals, special tools and spare parts.

Any warranty for **Anton Paar** instruments will lapse, if services are not carried out by an authorized **Anton Paar** representative.

This manufacturer’s authorization is valid until December 31st, 2024.

Yours faithfully,

Angelica Pineros
Regional Coordinator – The Americas
