Conference Web Week N° 1 Recording, 25-10-24

ENGLISH DOES WORK - LEVEL 8

Dear Sena Apprentices!

Today, **October 25th, 2024, at 8:30 am** we had the **Conference Web N° 1** called **"Welcome"** , in which we developed an agenda stated this way: The instructor welcomed the students, he gave some personal information, the center he belongs to and something about his professional experiences at Sena and other institutions.

After that, the instructor tells the students the webpage the apprentices can enter into the platform: **www.senavirtual.edu.co**. Next, he shows the students the **"Activities Schedule EDW8"** and **"EDW8 Activity Guide_1"** and gives important information about them and explained it all. Then we concentrated in the platform, basically: **"ANUNCIOS", "ACTIVIDADES INICIALES", "ACTIVIDAD DE APRENDIZAJE, GUIA"** among others.

As soon as the instructor finished with this, he explained all related to the development of the evidences, what they have to do, what they have to include. He also gave some advice to get the most points as possible: **100 = (A)** . If the students get less than **70 = (D)** points, it means they have to adjust the activity and send it again.

Before closing the Conference web, the instructor clarified the aprentices' questions and doubts and invited all the students to attend the next one on **November 5th, at 10:40 am**. By 10:00 am we all proceeded to close the encounter.
