6 th november 2024

We started with some pictures that i gave to the 6 groups i made in the class, + they had to guess the meaning of the Word based on the actions the students did. Example; one student did a movement with her hand on the head of other classmate and the next group quessed the Word " com" + we did 3 rounds plus 3 verbs per group so, the students had to guess 18 verbs + finally , the students selected one verb from the list and the group had to asked one question in simple present tense: Example ; do you clean the house? Yes, i do / no, i do not+ so they did 6 questions and we finished with the activity.

They finally started with the copies related to some elements related to Cosmetology. They had to look for the words in english based on the pictures+ so they had to pronunce the words and finally, will Watch the video related to adjectives to describe objects + they will have to do 6 sentences in order to use the new adjectives and the new vocabulary. Example; the foundation is full.

20 th november 2024

We worked on the womework they did last class, the students had to select 3 verbs and ans 3 questions to their classmates and they had to answer the questions + they started to do the copies related to simple present + the long copy + Pending to finish next class and Pending to check the exercise as well. +

We had a speaking practice with 3 students Africa, Isabel and sarah. They did a good job and it was their activity for the class. I

27 th november 2024

We checked the last copies and i graded them+ the students upload the evidences in a whole document "pdf" with their full names + they started the game on the board the did the competition , we just practice affirmative sentences + Pending to practice questions with affirmative and negative answers .
