FortiCare and FortiGuard Renewal

Thank you for renewing your FortiCare / FortiGuard services. Fortinet's high performance Unified Threat Protection ("UTP") appliances combined with FortiGuard and FortiCare services provide you with complete content protection against constantly evolving network security threats.

Your subscription renewal has been automatically activated. There is nothing more you need to do to take advantage of the benefits of these services. Attached are the details of your renewal for your reference.

If you are new to Fortinet or would like a refresher introduction, please visit us at https://www.fortinet.com/welcome. The new welcome page has links to technical documentation, free training resources, knowledge base articles through our community portal, open a support case, FortiGuard Outbreak Alerts, PSIRT advisories, FortiGuard Labs Threat Research, and other resources.

If you have questions about your renewal or about your FortiCare user account, contact cs@fortinet.com

If you would like to discuss current or future network security needs, please contact your authorized Fortinet reseller or a local Fortinet sales office. You will find address and contact information at http://www.fortinet.com/aboutus/locations.html .

Again, thank you for your subscription renewal. We sincerely appreciate your business and are looking forward to working with you over the coming years.

Sincerely,
Fortinet Services
