Certificate of Training

Diego Diaz
E Y R Espinosa y Restrepo

participated in an **initial 4 days training course** (27 hrs) in the operation of

Pile Driving Analyzer® (PDA-8G) system, CAPWAP software
PDA-S software, Pile Integrity Profiler (PIT) and PIT-W software
Subject Area: Civil Engineering

September 24, 25, 26 & 27, 2018

Sponsored by: Pile Dynamics, Inc. and GRL Engineers, Inc.

This is not a certificate of proficiency. **Attendee is strongly encouraged to attend additional workshops and/or more training provided by Pile Dynamics, Inc. (PDI) within one year of this initial training**. Attendee's ability to perform and analyze PDA data can be assessed by the rank achieved on the "Dynamic Measurement and Analysis Proficiency Test" offered by PDI and PDCA. Proficiency Test results may be confirmed on www.PDAProficiencyTest.com.
