This is to certify that the below mentioned AOSIF generator set model AC525 (Serial number:21W4731143) controller (Deepsea6120), AVR and ECU has included PCB components

Generator set Model:AC525 Cummins
engine: QSZ13-G5
Alternator Model: Leroy somer TAL-A47-AController:
Deepsea 6120

The amount of PCB for each component is distributed in the following proportions:

- ECU: 1000 grs
- AVR: 250 grs
- CONTROLLER: 300 grs
