REF: SUPPORT FOR THE "GENERATION GREEN: EDUCATING AND EMPOWERING YOUTH FOR A SUSTAINABLE COLOMBIA" PROJECT

Dear Sir/Madam,

On behalf of the National Ministry of Education of Colombia, I would like to extend our warmest greetings. We are writing to convey our support for the "Generation Green: Educating and Empowering Youth for a Sustainable Colombia" project, for which UNICEF Colombia will be implementing over the next three years.

This initiative is especially significant, as it aligns with the provisions of the National Development Plan 2022-2026 and the guidelines established by the Country's Foreign Policy, which seek to contribute to the achievement of the 2030 Agenda. This agenda prioritizes actions that allow the care for the environment, life, peace, and equality as factors of human development.

This project aims to mainstream climate action in secondary schools across nine regions in Colombia, equipping local young people with the knowledge and green skills necessary to accelerate climate mitigation and adaptation in their communities. The project will reach a total of 328,430 youth, including 260,830 secondary school students, 33,600 out-of-school youth, and 34,000 youth affected by conflict.

UNICEF Colombia's role in this project is crucial, their global expertise and understanding of local contexts enable them to lead this project effectively, ensuring that it will have a lasting impact on our youth and, by extension, our country's future. We are confident that this project will significantly advance our educational directives and environmental goals. We eagerly anticipate the positive changes it will bring to our educational landscape and the broader community.

On behalf of the Ministry of National Education, we respect the competences provided for in Law 715 of 2001 and express our full willingness to support this project and contribute to its success in whatever way necessary.

Sincerely,

GLORIA CARRASCO RAMÍREZ
Vice Minister of Preschool, Basic and Secondary Education

Sandra Viviana Olaya Nieto
Associate Director of Competency Development
