

**PROCESO GESTIÓN DEL TALENTO HUMANO**  
**FORMATO INFORME MENSUAL EJECUCIÓN CONTRACTUAL**

Yopal, 30 de septiembre de 2023

Señor (a)  
DIANA ROCIO FERNANDEZ DIAZ  
SUPERVISOR CONTRATO No. CO1.PCCNTR.5368805

Dinamizador evaluacion de competencia laboral.  
Centro Agroindustrial y Fortalecimiento Empresarial de Casanare  
Yopal

**Asunto:** Informe mensual de ejecución contractual  
Mes septiembre del año 2023

**Referencia:** No. CO1.PCCNTR.5368805 del 12 de septiembre de 2023.

Héctor Mauricio Daza Martínez, identificado con la cédula de ciudadanía No. 74.347.397 de Miraflores (Boyacá), en mi calidad de Contratista del SENA, en evaluación y certificación por competencias laborales, en cumplimiento del Contrato de Prestación de Servicios de la referencia, a continuación presento el Informe de actividades realizadas en el mes objeto de cobro.

**Valor y forma de Pago:** Se fija como valor total para el contrato la suma de OCHO MILLONES VEINTE MIL PESOS M/CTE (\$ 8.020.000). Esta suma será pagada por el SENA al contratista de la siguiente manera: a). Un primer y último pago proporcional a la ejecución del mismo, que se cancelará en el mes correspondiente. b) Mensualidades vencidas que se cancelarán en el mes correspondiente por valor de CUATRO MILLONES DIEZ MIL PESOS M/CTE (\$ 4.010.000), cada una.

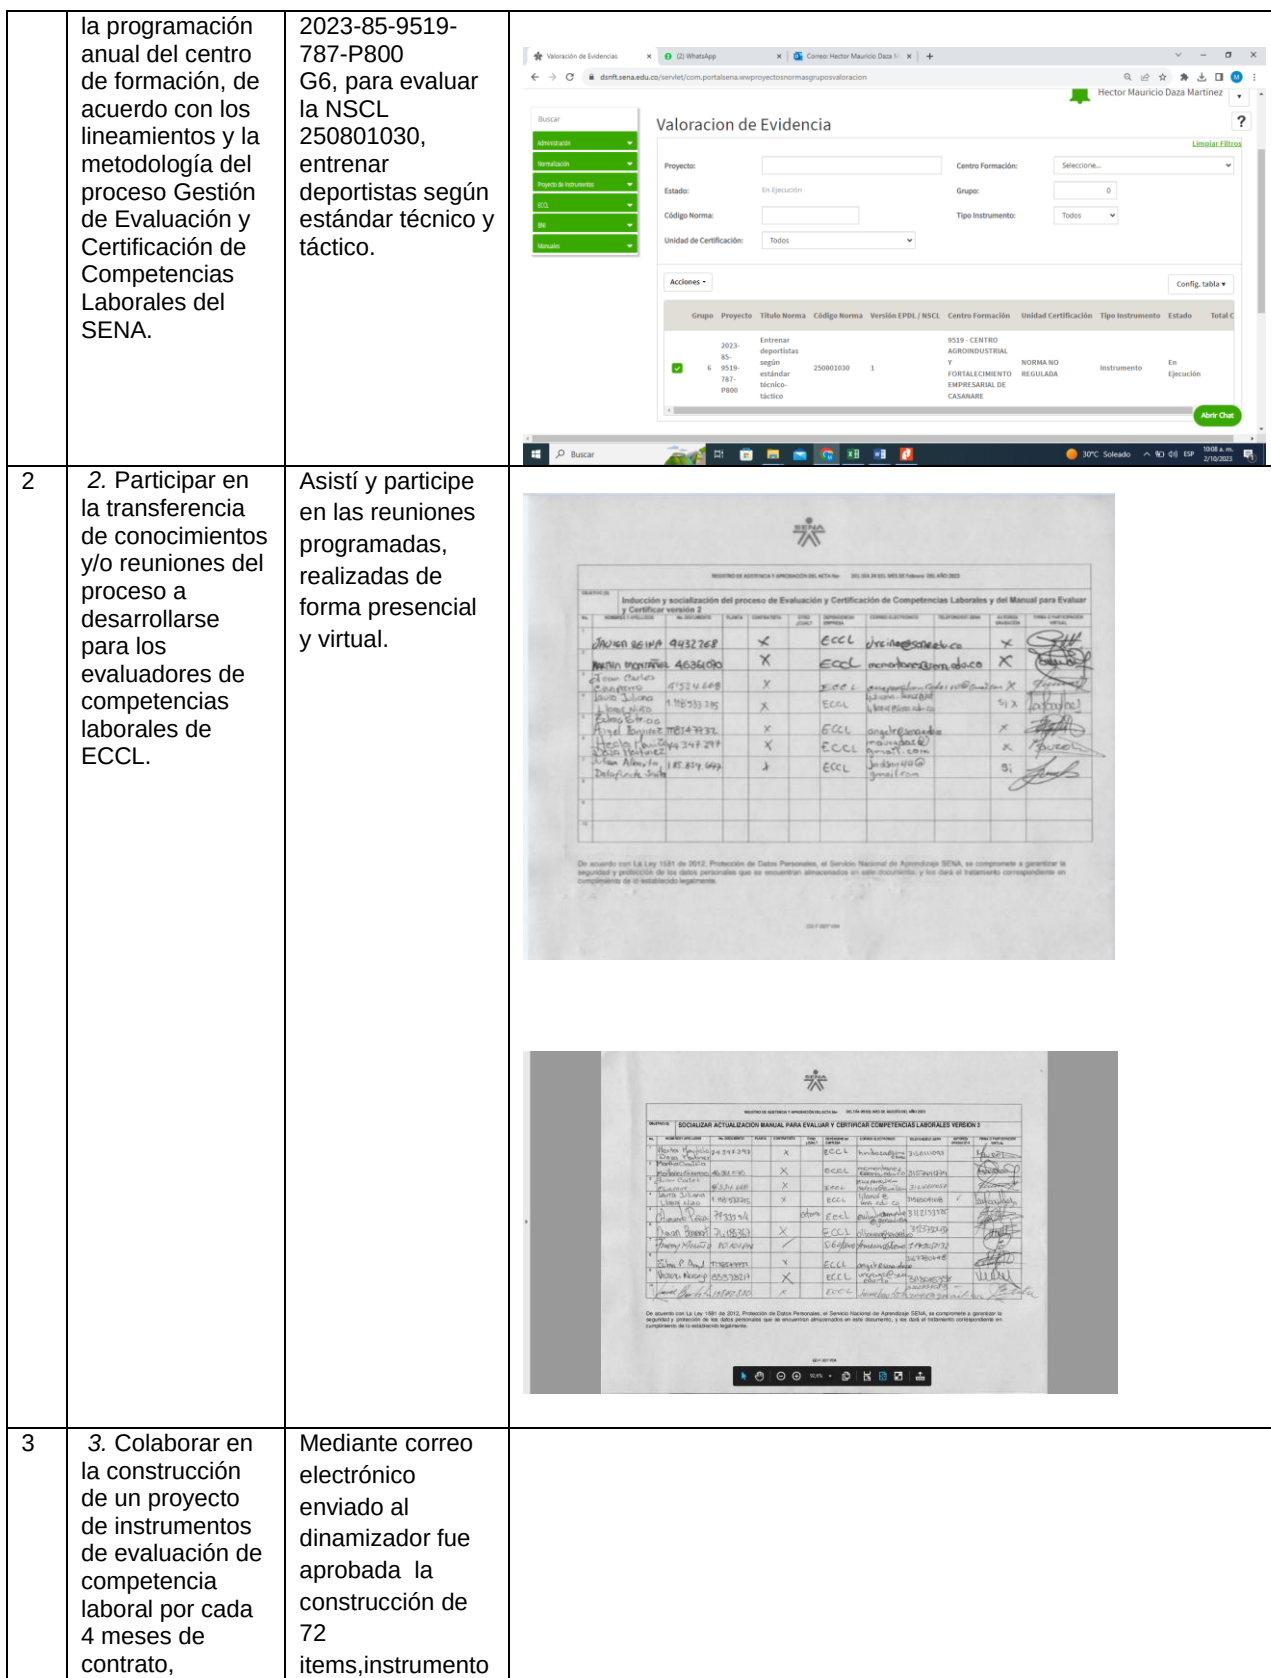

**Plazo:** Será hasta el 12 de noviembre de 2023.

**OBJETO:**

Prestar servicios de carácter temporal, para contribuir con el cumplimiento de los indicadores de Evaluación y Certificación de Competencias Laborales del SENA, y de construcción y revisión de instrumentos de evaluación, en el área clave de DEPORTE, RECREACION Y ACTIVIDAD FISICA...

**Obligaciones Específicas:**

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |    |           |                              |           |    |           |                  |           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |    |           |                              |           |    |           |                  |           |            |                  |           |           |            |                  |           |           |           |           |    |    |    |                              |   |    |          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                 |      |         |          |         |          |    |           |                |     |         |        |        |        |  |  |  |    |    |                             |       |         |            |         |          |    |           |                |     |         |           |        |        |  |  |  |    |    |                             |      |          |          |          |          |    |           |                |     |         |        |        |        |  |  |  |    |    |                             |      |          |           |          |          |    |           |                |     |         |          |        |        |  |  |  |    |    |                             |      |          |           |          |          |    |           |                |     |         |       |        |        |  |  |  |

A continuación relaciono los desplazamientos que realicé previo a la presentación de este informe. Una vez finalizado cada desplazamiento presenté al ordenador del gasto el informe en el Formato Informe Legalización Desplazamiento Contratista GTH-F-087, en el que se describieron las actividades desarrolladas y los resultados de cada desplazamiento. Cada informe cuenta con el visto bueno del Supervisor.

Se lista a continuación el soporte de la legalización de los desplazamientos realizados, los cuales forman parte integral del presente informe de ejecución contractual.

| ITEM | No DE LA ORDEN DE VIAJE | LUGAR DE DESPLAZAMIENTO | FECHAS DE DESPLAZAMIENTOS |              |
|------|-------------------------|-------------------------|---------------------------|--------------|
|      |                         |                         | INICIO                    | FINALIZACIÓN |
|      |                         |                         |                           |              |

**Nota 1:** Por cada desplazamiento que haya realizado el contratista, adjuntará el respectivo informe que la soporte. En caso de haber realizado el desplazamiento en fecha posterior a la presentación del informe de ejecución contractual, deberá reportarlo en el siguiente informe de ejecución contractual.

Para el trámite de la cuenta me permito adjuntar: Documentos electrónicos enunciados como evidencias del cumplimiento de las obligaciones contractuales y los desplazamientos realizados y el No. 4513791090 de la planilla, expedido por SOI periodo de septiembre de 2023 (Decreto Ley 2106 de 2019 – “Decreto Ley Antitrámites”)
