32GB	C10, U1, A1 Up to 98MB/s read**
16GB	C10, A1 Up to 98MB/s read**

SanDisk Ultra® microSDXC™ & microSDHC™ UHS-I Cards

Highlights

- Ideal for Android™-based smartphones and tablets
- Up to 512GB* capacity
- Up to 100MB/s** transfer speeds
- Load apps faster with A1 performance class[1]
- UHS Speed Class U1 and Speed Class 10 for Full HD video recording and playback[2]
- 10-year warranty[6]
- 10-year limited warranty[6] **[US only]**

Fast for better pictures, app performance and Full HD video[1]

The SanDisk Ultra® microSDXC™ UHS-I card gives you the freedom to shoot, save and share more than ever before. With capacities up to 512GB*, our SanDisk Ultra microSD™ card has room for even more hours of Full HD video[2] and delivers transfer speeds of up to 100MB/s** to help you move that content fast. Ideal for Android™ smartphones and tablets, the card loads apps faster with A1-rated performance.[1]

Transfer Speeds of up to 100MB/s**

Blazing transfer speeds mean that your content moves fast letting you move up to 1000 photos in a minute.[5]

SanDisk® Memory Zone App for Easy File Management

Available from the Google Play™ store, the SanDisk Memory Zone app lets you view, access, and back up your phone's files in one location[4]. It can also automatically move files from your device to your memory card to free up space.

SanDisk®

Technical Specifications

Western Digital Technologies, Inc. is the seller of record and licensee in the Americas of SanDisk® products.

* 1GB=1,000,000,000 bytes. Actual user storage less.
** [for 64GB-512GB] Up to 100MB/s read speed; write speed lower. Based on internal testing; performance may be lower depending on host device, interface, usage conditions and other factors. 1MB=1,000,000 bytes. [for 16GB-32GB] Up to 98MB/s read speed; write speed lower. Based on internal testing; performance may be lower depending on host device, interface, usage conditions and other factors. 1MB=1,000,000 bytes.
1 A1 performance is 1500 read IOPS, 500 write IOPS. Based on internal testing. Results may vary based on host device, app type and other factors.
2 Full HD (1920x1080) video support may vary based upon host device, file attributes, and other factors. See: www.sandisk.com/HD.
3 Card only. See www.sandisk.com/proof.
4 Download and installation required; see www.sandiskmemoryzone.com.
5 Read only using USB 3.0 reader. Based on images with an average file size of 3.55MB (up to 3.7GB total). Examples of the number of photos that can be stored are provided for illustrative purposes only. Your results will vary based on resolution, content, file compression, file format, file size, host device, pre-loaded files, settings, software and other factors.
