To prepare a delicious meal, you first need to choose a tasty and attractive dish.

Then we go buy the missing ingredients. We need spaghetti, tomatoes, onion, garlic, oregano, ground beef, butter, milk, and salt.

We'll prepare some fantastic spaghetti Bolognese accompanied by a perfect glass of wine.

We'll visit our trusted supermarket near my house, confident that we'll be able to find the ingredients we need for our meal there. this supermarket is five blocks from my house and is open from 7 a.m to 10 p.m.

- Hello, Mr. Juan. I'd like to know if I can find 250 grams of Italian
spaghetti, 300 grams of tomato paste, 500 grams of ground beef,125 grams of bottle of red wine in your supermarket?
- yes, Mr. Ricardo, we have everything, and we'll prepare your order immediately
- thanks you, Mr Juan. could you tell me the prices of these products first?
- Of course. The spaghetti cost $ 2.500 the tomato paste $3.800, the ground beef $11.700 the butter
$2.600 and the wine $29.400.
- Thank You, Mr. Juan. Your prices are very reasonable. Can I make a transfer Using a QR code?
