El análisis de los precios de mercado detallados en la tabla anterior ha permitido identificar oportunidades para optimizar la adquisición de materiales y elementos de construcción necesarios para las reparaciones localivas de las Instituciones Prestadoras de Salud (IPS) y la sede administrativa de RED SALUD CASANARE E.S.E. Esta entidad mantiene una política enfocada en buscar la propuesta más económica, asegurando, al mismo tiempo, que la calidad de los servicios y suministros no se vea comprometida en ningún momento.

La cotización seleccionada corresponde a la empresa **OSCAR CELIO MORA BARRERA - FERRELECTRICOS MORA**, con NIT 74.858.261-8, que propone los precios más competitivos para los elementos requeridos. Esta elección es fundamental para garantizar que los recursos públicos se utilicen de manera eficiente, permitiendo maximizar el impacto de las inversiones en infraestructura y mantenimiento.

Es relevante destacar que las cotizaciones obtenidas en este estudio de mercado no tienen una relación directa con el presupuesto oficial para el proceso de selección. Esto se debe a que los ítems cotizados no incluyen cantidades específicas que influyan en dicha fijación. Este enfoque permite a RED SALUD CASANARE E.S.E. ajustar la solicitud de materiales según las necesidades cambiantes de la entidad, garantizando así flexibilidad y adecuación en la gestión de los recursos. A pesar de esto, para la fijación de los valores unitarios a suministrar, se ha tomado como referencia el menor precio de cada elemento, basado en los resultados obtenidos en el presente estudio.
