End-Use Statement

As a United States (U.S.) exporter, Teledyne FLIR's policy is to verify the end-use and the end-users for all exports or re-transfers involving our products, technical data, technology, or software. This is to ensure full compliance with U.S. export control laws and regulations and the laws and regulations of the countries where we conduct business.

Ultimate End-user's Registration No:899.999.059

1. I (We) will not sell, export, re-export, divert or otherwise transfer any Teledyne FLIR products, technology or software to any entity or country subject to U.S. Government approval, including, but not limited to, Cuba, Iran, North Korea, Russia, Syria, and the Crimea, Donetsk, and Luhansk Regions of Ukraine unless otherwise authorized by the U.S. Government. (15 CFR §736)

2. I (We) will not sell, export, re-export, divert or otherwise transfer any Teledyne FLIR products, technology or software to Burma (Myanmar), Cambodia, China, Russia and Venezuela for military end-use or end-users. Military end-use in this paragraph means theincorporation of FLIR products, technology or software into a military item described on the U.S. Munitions List (USML), and items classified under ECCNs ending in "A018" or under "600 series" ECCNs; or any item that supports or contributes to the operation, installation, maintenance, repair, overhaul, refurbishing, "development", or "production", of military items on the USML, or items classified under ECCNs

ending in "A018" or under "600 series" ECCNs. Military end-user means the national armed services (Army, Navy, Marine, Air Force, or Coast Guard), as well as the National Guard and National Police, government intelligence or reconnaissance organizations, or any person or entity whose actions or functions are intended to support military end-uses. (15 CFR §744.21(f))

3. I (We) will not sell, export, re-export, divert or otherwise transfer any FLIR products, technology or software to Burma (Myanmar), Cambodia, China, Russia and Venezulea for military-intelligence end-use or end-users. Military-intelligence end-use in this paragraph means the "development," "production," operation, installation (including on-site installation), maintenance (checking), repair, overhaul, or refurbishing of, or incorporation into, items described on the U.S. Munitions List (USML), or classified under ECCNs ending in "A018" or under "600 series" ECCNs, which are intended to support the actions or functions of a military-intelligence end user. Miliatry-intelligence end user means any intelligence or reconnaissance organization of the armed services (army, navy, marine, air force, or coast guard); or national guard. (15 CFR §744.22(f) & 15 CFR §744.21(g))

4. I (We) acknowledge that U.S. law prohibits the sale, export or re-export, diversion or transfer, or other participation in any export transaction involving Teledyne FLIR products with individuals or companies listed in the U.S. Commerce Department's Denied Persons or Entity List, the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Department of State's list of individuals debarred from receiving Munitions List items and other applicable lists, i.e., Entity List as well as the Denial Person/Company list of the selling country.

5. I (We) will abide by all applicable U.S. and/or purchasing country export control laws and regulations for all products purchased from Teledyne FLIR and will obtain any licenses or approvals required by the U.S. Government and/or the purchasing countries' Government prior to the sale, export, re-export, diversion or otherwise transfer of Teledyne FLIR's products, software or technology.

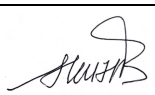

6. I (We) will not use in the development, design, manufacture, construction, operation, testing or maintenance, of any nuclear explosive device, any unsafeguarded nuclear activity or facility, or in any facility used for the chemical processing of irradiated special nuclear, source material, production of heavy water, or the separation of isotopes of source and special nuclear material, or for the fabrication of nuclear reactor fuel containing plutonium. (15 CFR §744.2)

7. The items will not be used in the design, development, production or use of chemical, biological, or nuclear weapons or their precursors, or of rocket systems or missile technology or unmanned aerial vehicles or for terrorist activities (15 CFR §736)

8. Select if the item(s) are only for Commercial End-Use ☒

9. Select if the item(s) are only for Military End-Use ☐

10. Select if the item(s) are only for Military-Intelligence End-Use ☐
