Walk-Behind Tandem Rollers

MRH800 Series

The MRH800-Series tandem rollers feature a streamlined design that allows access to tighter areas. These versatile rollers are ideal for asphalt patching or compaction of granular soils.

- **Hydrostatic drive** provides smooth operation.
- **External vibrator** with permanently lubricated bearings to minimize service.
- **Standard drum chocks** to help roller when parked on a slope.
- **Available with either Honda gasoline or Yanmar diesel engines.**
- **Front bumper and work light** are standard.
- **Narrow profile** with less than one-inch wall clearance.
- **Plastic water tank** prevents rust.

Easy access to hydraulic components and hydraulic filter.

MRH800GS:
Shown with 11-HP Honda gasoline engine*
(10-HP Yanmar diesel optional*)
