Dear HAC ISC Members,

I hope this email finds you well.

Following our last ISC Technical meeting, the HAC Secretariat has been working on integrating your comments in an **updated version of the 2026 work plan** here attached to this email. We thank again all the members who have been actively participating in this collaborative process.

As next step, the HAC for Nature & People Secretariat will be hosting a **director-level meeting on Wednesday, October 1st at 9am EST** on the 2026 Workplan. The meeting will include a high-level presentation of the updated version of the workplan and an opportunity for directors to share their thoughts and feedback before the finalization of the document and subsequent Ministerial ISC that will take place during UNFCCC COP30 in Belem, Brazil in November.

We would appreciate it if you would confirm your director's attendance at the meeting as soon as possible. Moreover, please share with us your Minister's attendance date at COP30 so we can start planning accordingly.

You will be receiving a dedicated calendar invitation in the upcoming days.

Best regards,
Jason

Dear colleagues,

I hope this email finds you well.

This is a kind reminder the HAC for Nature & People Secretariat will be hosting a **director-level meeting on Wednesday, October 1st at 9am EST** on the 2026 Workplan.

If you have not done it yet, please share the name and position of the representative who will be attending this meeting.

The agenda for this director-level meeting will be the following:

- *Brief overview of the last 2 years*
- *Presentation of the 2026 Workplan*
- *Priority countries*
- *Fundraising status of the HAC for Nature and People's Secretariat*
- *Overview of COP30's ISC meeting*

Do not hesitate to reach out if you have any questions.

Best regards,
Jason

1. **Título de la reunión:** *Reunión de la HAC para el Plan de Trabajo de Nivel Directivo*
2. **Fecha:** *01 de octubre de 2025 de 8-9 am*
3. **Evidencia de asistencia:** *captura de pantalla*
4. **Resultados principales:** *En nombre de Colombia, PNNC propuso que en el Plan de Trabajo de la Coalición se pueda empezar a trabajar en los Indicadores de Conectividad, Efectividad, entre otros elementos cualitativos porque en 2030 necesitamos tener un abanico que permita tener más indicadores de cabecera obligatorios para los Estados Parte que trasciendan la visión tradicional de la Cobertura de áreas Protegidas para lograr la Calidad de la conservación que necesita el mundo. Además, agradeció la aprobación del proyecto de la Plataforma de Prioridades de Conservación para Colombia. Finalmente, la HAC confirmó lo siguiente: (1) que Colombia está entre los países prioritarios de la Secretaría de la HAC (falta la aprobación del Comité Ministerial en UNFCCC), y (2) "Felipe, we will reach out to you shortly to showcase Colombia's RDM project via our communications channel. We want to make sure to give you additional visibility".*
