Reference Subtotal: *COP $5,851,500*

** Estimated values based on average exchange rate. Prices do* ***not include Colombian VAT, customs duties, or nationalization costs****.*

3. COMMERCIAL AND LOGISTICAL CONDITIONS

- ***Supplier type:*** *International – AliExpress marketplace.*
- ***Manufacturing and dispatch time:*** *20 to 30 days.*
- ***International transportation time:*** *25 to 45 days.*
- ***Customs clearance and delivery in Colombia:*** *15 to 25 days.*

⏱***Estimated total delivery time:*** *between* ***60 and 90 calendar days****.*

During the months of ***November through January****, delivery times may be extended due to:*

- *High international logistics congestion.*
- *Global peak commercial season.*
- *Delays in customs inspections and controls.*

4. TECHNICAL OBSERVATIONS

1. *The quoted goods correspond to* ***specialized electronic components****, widely used in technological training, robotics, IoT, and innovation projects.*
2. *Availability depends on* ***international inventory levels and manufacturers' production schedules****.*
3. *Delivery times are* ***not attributable to the contractor****, as they depend on external logistical factors.*
4. *This quotation is issued* ***solely as a technical and market reference****, in accordance with the principles of planning and contractual economy.*

5. USE OF THE QUOTATION

This document may be used to:

- *Support a* ***request for contractual extension or postponement****.*
- *Justify* ***importation from China****.*
- *Evidence* ***actual international market conditions****.*
- *Be attached as a* ***contract document in SECOP II****.*
