Teacher: Sharon Carrascal

Separable Phrasal Verbs Practice

Reading Text

Sophie is a very organized girl. She usually wakes up at 6:30 a.m. and she always cleans up her room before breakfast. After eating, she puts away her pajamas and wipes off the kitchen table.

On Mondays and Wednesdays, Sophie helps her mother take out the trash. She doesn't love doing it, but she always does it. In the afternoon, she sometimes picks up her little brother from school and drops off his backpack at home before going to English class.

On weekends, Sophie and her family clean out the garage because they have many old boxes and clothes. Her father usually hangs up clean jackets in the closet while Sophie organizes the toys. She is very busy, but she is rarely stressed because she likes having a clean house.
