 |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |             |  |             |  |          |  |       |  |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |  |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |      |             |        |          |                 |       |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |   |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |     |     |     |    |     |     |
