Good morning Sandra,

My name is Sheila I will be forwarding you the documents that Valeria purchased for you.

Please note that these documents can not be put on a server or folder that others have access too. Also you cannot print these documents it will not allow you to.

Very important that you install the following before opening the attachment that will follow this email to you directly. You will need to install both. Please ask your IT person to install for you if you do not have permission to install plugins on your computer.

To open the PDF versions of standards or codes you will need Acrobat Reader.

Download the free Acrobat Reader.

Due to the requirements of some standards publishers, some standards or codes purchased through the ANSI Web Store are encrypted and "locked" to the device upon which they are first opened using Digital Rights Management (DRM). This prevents the copying of the document to another device. These DRM-protected documents will only open if both Adobe Acrobat and the free FileOpen Acrobat plug-in are installed on your device.

Download the free FileOpen plug-in

Standards or codes purchased through the ANSI Web Store are single-user documents with a license granted by ANSI for individual use only.
