10 minutes
Step 1 (1-7*)
Planning our session
1. Frame the session
In Session 2, ***Helping Learning grow***, we designed a prompt built around students, curriculum, and assessment to be used in Shaia.
2. Session Starters
1. Did you implement any of the activities we worked on **in Session 2** (lesson plan, rubric)? Which one?
2. In **which grade** did you apply the weekly lesson plan and/or the rubric?
3. **How many students** benefited from this activity?
4. Before this session, **did you use Shaia**? If so, what tool did you use? Did you make a lot of adjustments? Did you get a chance to write **another prompt** for Shaia?
