Design a class plan for [9th grade]. Students can [Understand instructions and have a fair level of reading comprehension but struggle with [speaking and grammar structures]. They participate more when [Modeling and contextualized activities]. Align the class with [talking about a movie Mario Galaxy] and help students use English to [talking about past experiences]. Prioritize [Speaking] and include [Movie dialogues to role play]. The evidence of learning should be [Create a short role play talking about past experiences.
