Properties

material	cap (CentriStar™), conical bottom tube, polypropylene
sterility	sterile
feature	RCF 17000 × g, disposable, graduations 5 - 50 mL graduation interval: 2.5 mL, self-standing: no
packaging	pack of 25, case of 500
manufacturer/tradename	Corning 430828
parameter	17000 × g max. RCF
O.D. × L	29.1 mm × 114.4 mm
cap diam.	34.7 mm , approx.
capacity	50 mL
color	clear, natural
fitting	cap (CentriStar)

Description

General description

Corning® disposable 50 mL centrifuge tubes are available as either clear polyethylene terephthalate (PET) tubes with a traditional plug seal cap or polypropylene tubes with either plug seal caps or the new CentriStar™ caps.

The CentriStar™ cap has a easy-on/easy-off top and offers advanced ergonomics with its wider knurls and roll-over edge design. All tubes come in a variety of packaging options.

- Sterile, certified nonpyrogenic and DNase-/RNase-free
- Black printed graduations and a large white marking spot
