IceRack™

IceRack™

Crushed Ice Microtube Rack

IceRack™ boxes have a removable white tube tray that allows the blue base to be filled with crushed ice or other temperature-controlling materials. They also feature a translucent cover. Temperature-sensitive samples and assays in microtubes can be processed with an extra degree of temperature stability. These boxes are suitable for use with screw-cap or snap-cap microtubes from 0.5mL to 1.5/2.0mL and are supplied six per pack.

- **Designed for crushed Ice**
- **Polypropylene, -80°C to 135°C**
- **Detachable “lift-off” lids**
- **Economical**
- **For screw cap and snap cap tubes**
