

CAPACITACION VIRTUAL INVENTARIOS 2026 DEL MATERIAL BIBLIOGRÁFICO

The image displays three sequential screenshots of a virtual training session, likely conducted via Microsoft Teams, focusing on the preparation for the 2026 Bibliographic Inventory.

Top Screenshot: Shows the initial presentation slide titled "Inventario de colecciones Jornada de inventario 2026". The slide includes the logo of the National Library of Mexico (Biblioteca Nacional de México) and the text "BIBLIOTECA NACIONAL DE MÉXICO" and "www.bna.mx". The interface shows a list of participants on the right, including Nancy Fabiola Bermudez Bernal, Ana Cecilia Ruales Polguín, and others.

Middle Screenshot: Displays a slide titled "Captura de códigos" (Code Capture). It lists tasks for the inventory process, such as "Completar la totalidad de los registros" (Complete the totality of the records), "Verificar la calidad y consistencia de la información" (Verify the quality and consistency of the information), and "Guardar el archivo con el nombre: inv_reg_biblioteca.xlsx" (Save the file with the name: inv_reg_biblioteca.xlsx). A table of codes is visible on the left side of the slide.

Bottom Screenshot: Shows a slide titled "Inventario" (Inventory). It outlines the process flow: "Verificaciones previas" (Previous verifications) leading to "Validación lectura de códigos" (Validation of code reading), which then leads to "Mantenimiento de items" (Item maintenance). The final step is "Reportes finales" (Final reports), which includes "Resultado del inventario" (Inventory result). The slide also mentions "Captura de códigos de barras" (Barcode code capture) and "Lectura de los códigos" (Reading the codes).
