SEWN-LOOP PRUSIKS

Years of development, testing and fine tuning has made our Prusik cord a preferred choice by rescue schools, agencies and rescuers alike. Our Sewn-Loop Prusiks offer unmatched performance—with strength equivalent to a tied Prusik loop, just without the cumbersome knot. The factory-sewn SecureStitch™ is covered with durable clear shrink tubing that allows regular inspection and helps protect the stitching for longer life. These loops are produced with our 8mm Prusik cord.

WARNING: Removal of protective shrink tubing is not advised. This feature protects the stitching and label from premature wear. Removal could jeopardize user safety and product conformance to applicable standards.
