Amplificador inalámbrico portátil E126W

Batería integrada | Mochila de transporte | Enseñanza | guía turístico | Propaganda | Actividades al aire libre | Audiolibro | AUX | Inalámbrico

- Amplificador de voz inalámbrico, compacto y ligero.
- Transmisión UHF, efectiva hasta 40 m en áreas abiertas.
- Amplificación de audio digital de alta potencia de 8 W, con micrófono inalámbrico para auriculares.
- La batería de iones de litio integrada dura hasta 8 horas y admite carga rápida mediante USB tipo C.
- Reproducción de audio inalámbrica para disfrutar de la música sin cables.
- Los indicadores LED le proporcionan una idea clara del estado del dispositivo.
- Llévalo cruzado sobre el hombro o alrededor de la cintura, úsalo con comodidad.
- Aspecto elegante y diseño ergonómico.

Wireless Upgrade, Travel Light

E126W Portable Wireless Amplifier

Why Choose E126W

UHF Wireless

Digital Amplification

8W High Power

Wireless Playback

Type-C Fast Charge

Powerful Battery

E126W

Compact, Portable

Carry in one palm, easy to wear and work with daily.

E126W

UHF Wireless Transmission

Penetrating signal, transmit wirelessly up to 40m, un-tied up.

Stable against interference and interruption.

E126W

E126W

Digital Amplification for Wider Coverage

Digital voice amplification with 8W output power.

Effective feedback suppression, wide coverage, versatile indoors/outdoors.

E126W

E126W

Wireless Playback, Portable Speaker

Convertible into a portable speaker for music playback
by connecting to smartphone, tablet or PC.

E126W

Humanized Headset

F12&W

Mic with Clear Pickup

Electret capsule for clear audio.

Compact, comfortable to wear for prolonged time without stress.

E126W

Intuitive Status LED

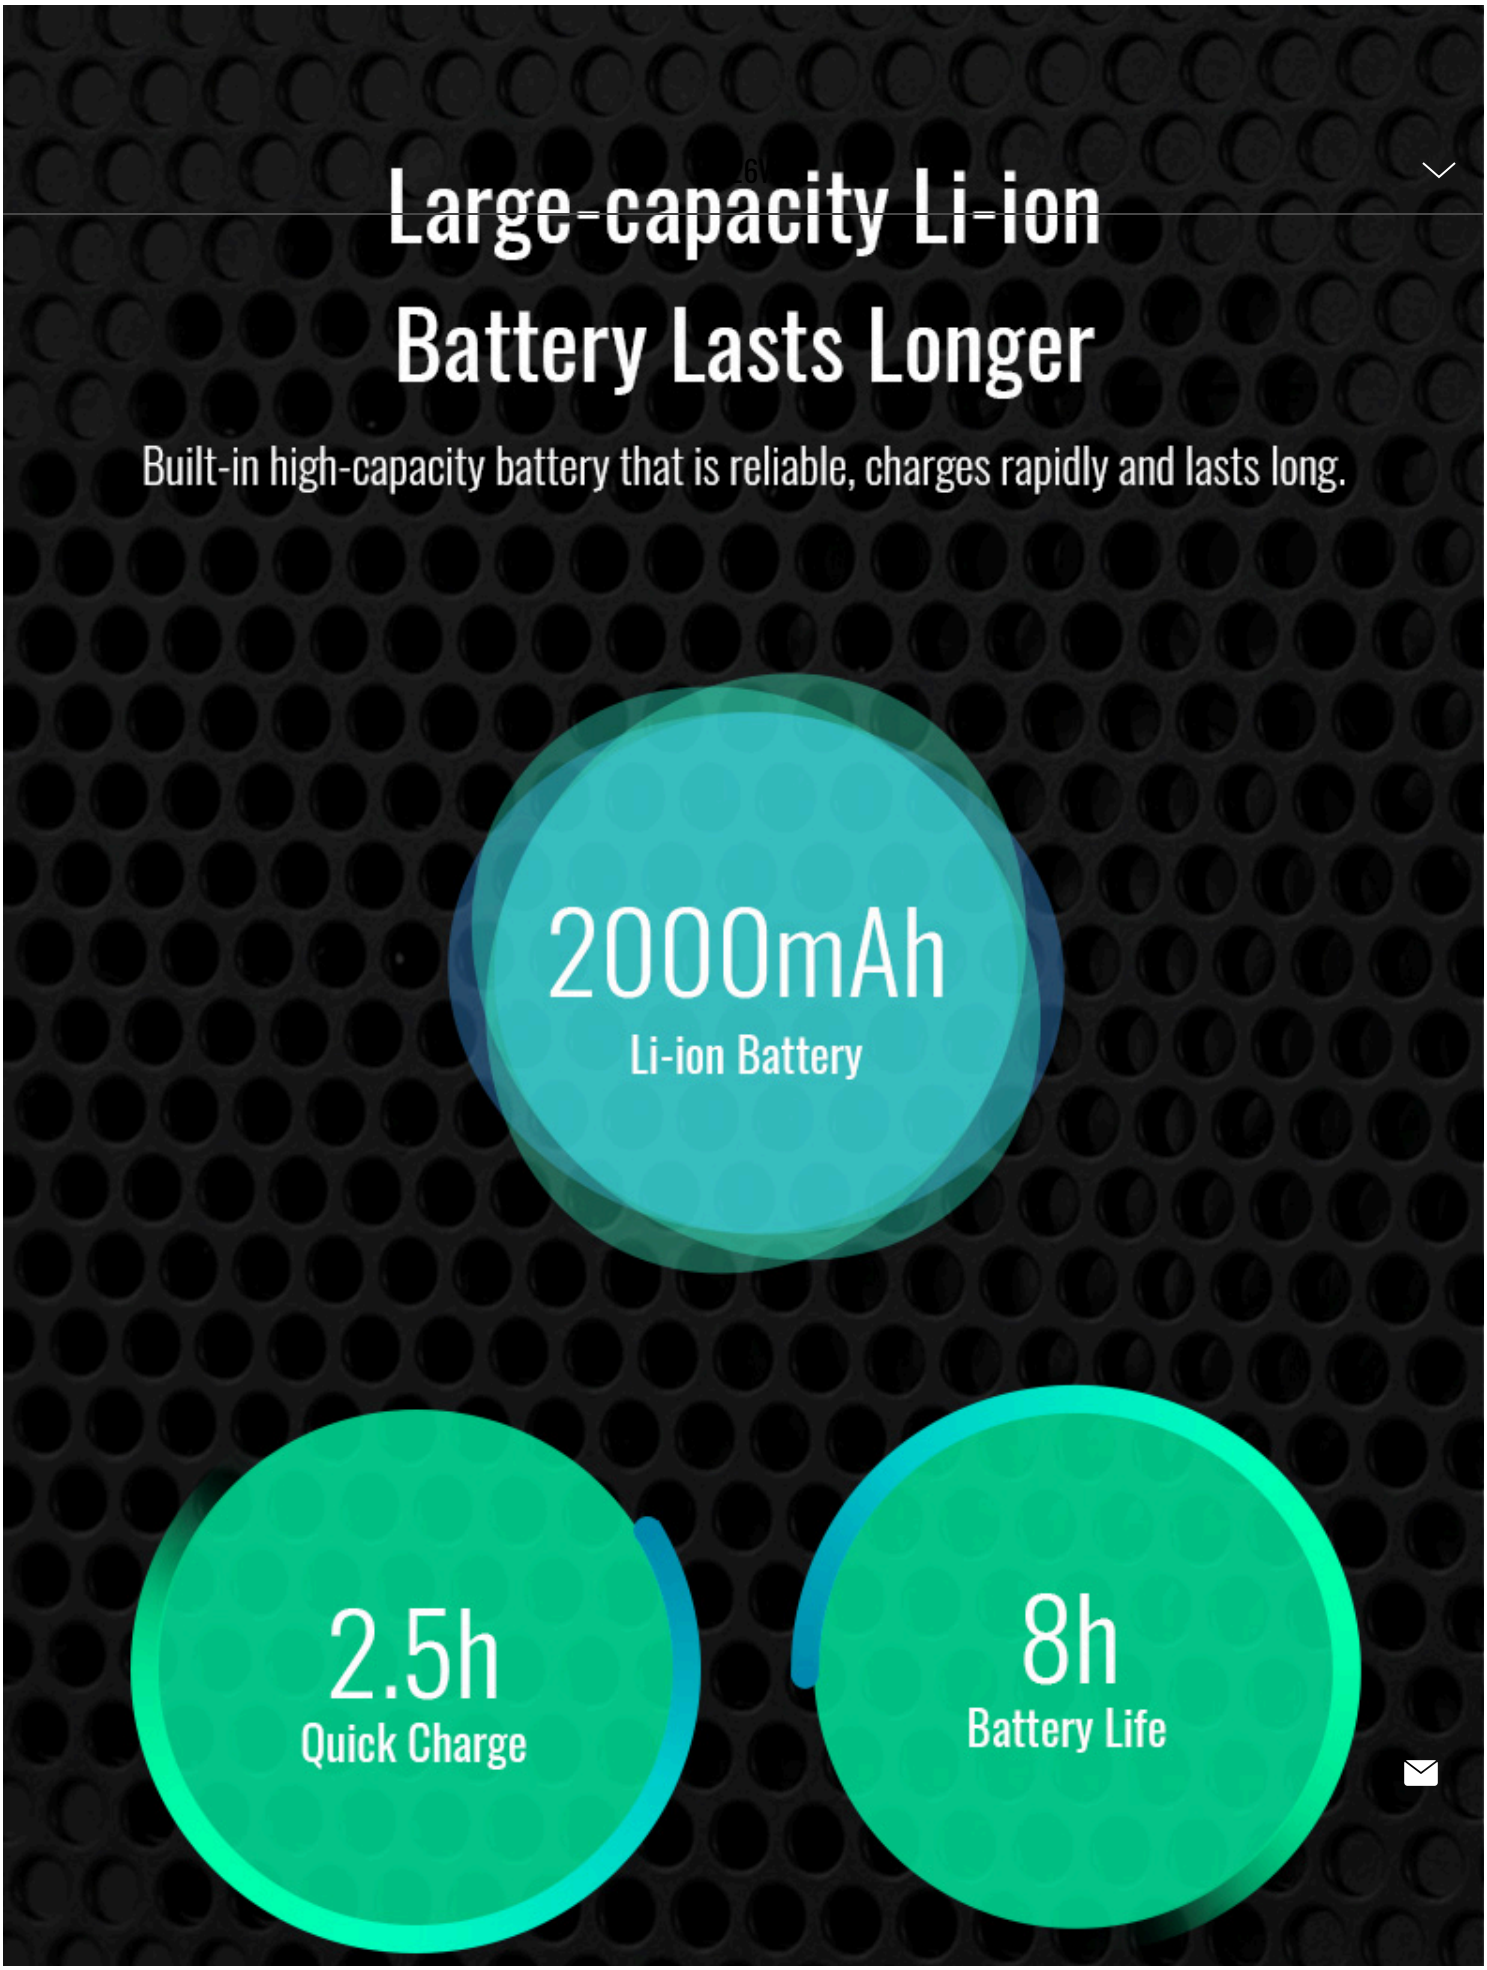

Thoughtfully designed LED shows real-time device status for easy use.

E126W

Large-capacity Li-ion Battery Lasts Longer

Built-in high-capacity battery that is reliable, charges rapidly and lasts long.

F12GW

Classic, Stylish

Available in classic black or white, simple but not simplistic.

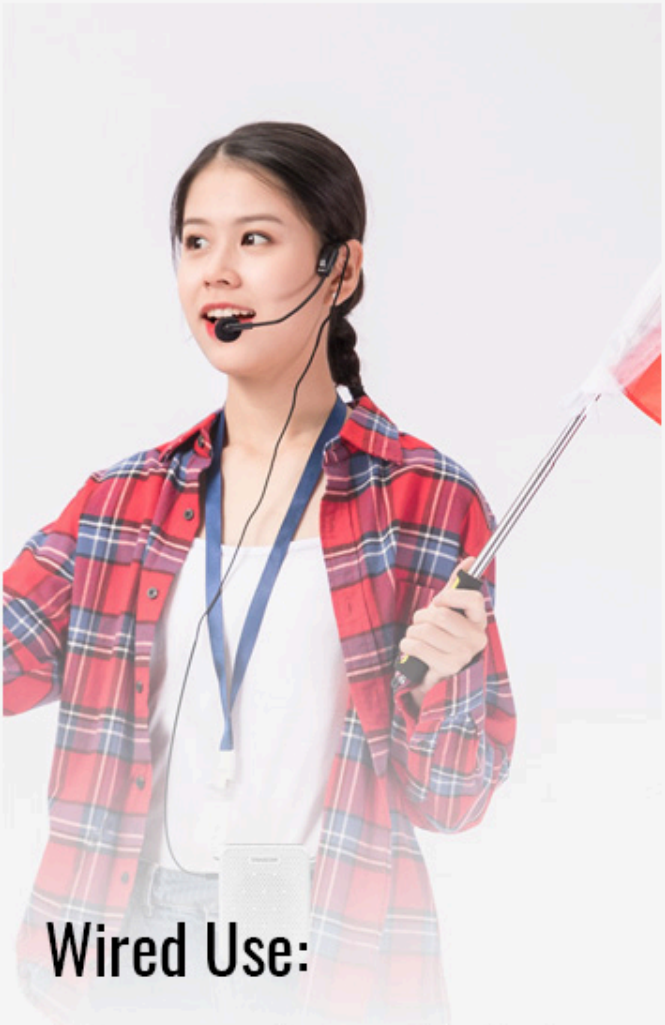

Classic Black

Pearl White

E126W

Wired/Wireless, Go Either Way

Wired Use:

3.5mm mic jack as a fallback plan for connecting a wired headset in case of low battery on wireless headset.

Wireless Use:

Untethered by wire, use freely and stably within 40m range from the amplifier.

(Note: Wired headset mic is not included.)

Suitable for Various Occasions

E126W

Meet your needs via professional sound amplification.

For teaching, tour guide, training, promotion, etc.

Voice Amplifier Specifications

L120W

Frequency Response: 80Hz-12kHz	Battery Capacity: 3.7V/2000mAh
Peak Power: 8W	Charging Method: DC 5V/800mA
Speaker Impedance: 4Ω	Charging Time: approx. 2.5h
THD: THD≤1%	Battery Life: approx. 8h
Operating Voltage: 3.5V-4.2V	Net Weight: approx. 142g
Battery Type: Lithium-ion battery	Dimensions: 91mm*41mm*119mm

Headset Mic Specifications

Cartridge: back electret	Battery Type: Lithium-ion battery
Polar Pattern:	Battery Capacity:

unidirectional	3.7V/400mAh

E126W

Frequency Response:	**Charging Method:**
60Hz-16KHz	DC 5V/150mA
Sensitivity:	**Charging Time:**
-51~-54dB	approx. 2.5h
UHF Frequency:	**Battery Life:**
630MHz-698MHz (segmented)	approx. 5h
UHF Effective Range:	**Net Weight:**
approx. 40m, open area	approx. 39g

Note: The above data is measured by Takstar laboratory, and Takstar has the final interpretation right!

Standard Configuration

1 * E126W Amplifier / 1 * Wireless Headset Mic / 1 * Back Clip / 1 * Strap

1 * Y-Splitter Charging Cable (Type-C & Micro USB) / 1 * User Manual
