Exclusive representation in Colombia – Rock-Eval, Hydrogen-Eval and associated services

Distributor	**GONZÁLEZ TASCÓN S.A.S.** – Technology Transfer & Advanced Engineering Solutions
Legal representative	Eng. Dionisio González, President & CEO
Registered address	Calle 114 No. 11 A 40, of. 105, Bogotá, Colombia 110111
Telephone	+57 601 620 4653 | Mobile: +57 311 443 2906
E-mail / Website	presidencia@gonzaleztascon.com | www.gonzaleztascon.com

To Whom It May Concern,

VINCI Technologies hereby certifies that **GONZÁLEZ TASCÓN S.A.S.**, represented by its President & CEO, Eng. Dionisio González, is its exclusive authorized distributor and commercial representative in the territory of Colombia for the Rock-Eval and Hydrogen-Eval product lines, including Rock-Eval 7, and all related products and services within the scope specified below:

- Rock-Eval and Hydrogen-Eval instruments, equipment, accessories, spare parts and consumables.
- Associated laboratory and analytical services relating to Rock-Eval and Hydrogen-Eval, including Rock-Eval 7 and Hydrogen-Eval testing and analysis services.
- Related technical services, including installation, commissioning, training, maintenance, calibration, technical assistance and after-sales support.

This exclusive authorization covers the commercial promotion, distribution, representation and coordination of the above products and services throughout Colombia. Laboratory analyses and technical services may be performed by VINCI Technologies or by duly authorized service providers, as applicable.

This certificate is issued at the request of GONZÁLEZ TASCÓN S.A.S. for submission to public and private institutions, including procurement and tendering authorities, as confirmation of the scope of its exclusive commercial representation in Colombia.

This certificate is valid until **31 December 2027** and shall be tacitly renewed for successive one-year periods, unless terminated in writing by either party. It remains subject to the terms and validity of the applicable distribution agreement between the parties.

For VINCI Technologies,

Jeremy DELAHAIS
Director Custom Projects & Innovation
